

sonnenBatterie – It's time to declare your independence!

A clean, reliable and affordable energy supply for all is finally here.

Solar + Storage is the key to your energy independence!

sonnenBatterie – the world's most installed smart energy storage system – perfectly integrates with solar systems to help homeowners:

- Store your excess solar energy for use day and night
- Save money on your electricity bills
- Manage your energy usage throughout the day
- Keep the lights on during power outages
- Reduce your impact on the environment

Clean and affordable energy for all!

sonnenBatterie is sold exclusively through our network of trusted partners in the United Kingdom and around the world. With the sonnenBatterie you will join a global and rapidly growing community of people that share a common vision: using clean, reliable and affordable energy to take control of their own energy future.
